

POSITION

SENIOR UI DESIGNER

MINIMUM EXPERIENCE

5 years

OCCUPATION TYPE

Full Time

JOB DESCRIPTION

We're looking for a highly motivated pixel perfectionist with a keen sense of aesthetic taste, to help us create a digital design system that meets at the crossroads of function and beauty. You'll be implementing this system into all of the digital interfaces of our upcoming products and services. You will have to consider all the implications of creating interfaces meant to be consumed in various types of mediums (web, mobile, in-car, etc.)

JOB REQUIREMENTS

- 5+ years experience crafting sharp user interfaces and visual design work for web and/or mobile. (Bonus points: Vehicle infotainment design experience)
- An online/digital portfolio displaying your best previous design work
- Ability to translate a unique brand aesthetic and story into "on-brand" UIs
- Ability to create and maintain a flexible and evolving digital design system
- Ability to design icons. (Bonus points: UI animations + 3D motion graphics)
- Proficiency with Sketch as well as prototyping apps such as InVision, etc.
- Passionate about designing for user focused experiences
- Ability to work independently and collaboratively
- Excellent written, verbal, and communication skills

WORKING AT INDI EV

Other than offering an endless supply of snacks and coffee, we provide our people with full medical, dental, and vision benefits. Work/life balance is also key, so we offer solid paid vacation time, and a compensated week off between Christmas and New Years. All jobs are located onsite at our headquarters in Los Angeles.
