POSITION

STUDIO ENGINEER

MINIMUM EXPERIENCE

5 years

OCCUPATION TYPE

Full Time

JOB DESCRIPTION

- Make sure that design requirements are met and can be manufactured for production.
- Assist design engineers with data development of the scale and proportion models, and the BIW of the proof-of-concept vehicles with the intent of pre-production.
- Strategize prototype, manufacturing, and drive feasibility

WORKING AT INDI EV

Other than offering an endless supply of snacks and coffee, we provide our people with full medical, dental, and vision benefits. Work/life balance is also key, so we offer solid paid vacation time, and a compensated week off between Christmas and New Years. All jobs are located onsite at our headquarters in Los Angeles.
